

Instructions

- 1. Give numbering to headings
- 2. Do not write lengthy paragraphs. Write medium sized paragraphs with headings.
- 3. There should be around 15 headings for 20 marks question.
- 4. Draw figures/diagram/flowchart where needed
- 5. Start new question from fresh page.
- 6. Each answer should start with Introduction and with Conclusion.
- 7. Give more weightage to expressly asked part of the question.
- 8. Change colour scheme for references to give more visibility.
- 9. Manage time well.
- 10. Wide page borders are discouraged. Should be reasonable.
- 11. Avoid writing wrong references.

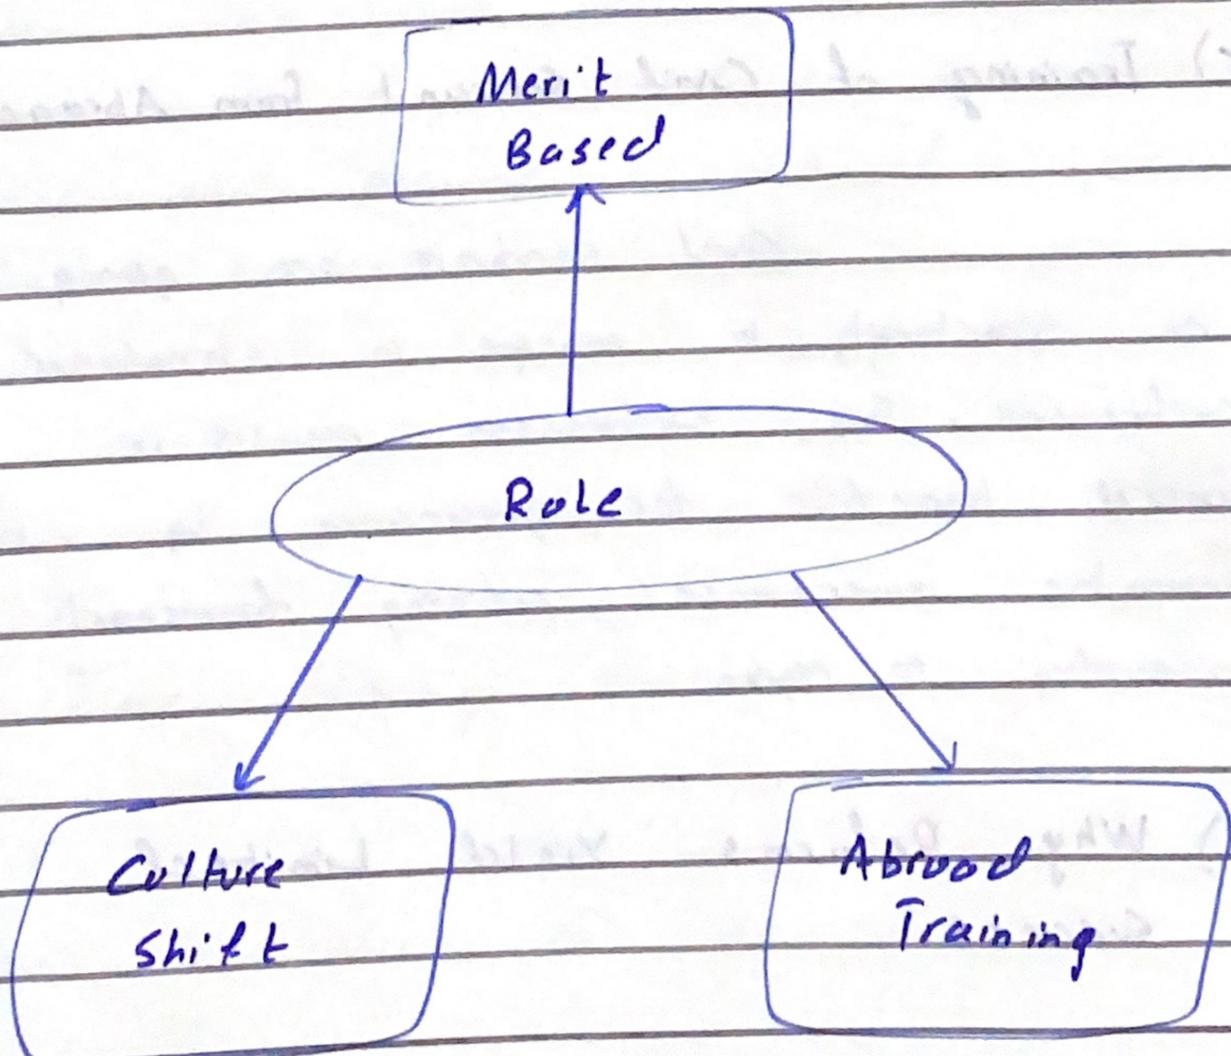

Question No 3

**Role of Civil Service Reforms in Improving Governance Outcomes in Pakistan. Its Limited Success, and Political and Patronage Network influence**

**Introduction:-**

Role of civil service strength merit based recruitment and training of civil servants. Unable to achieve full success is corruption, time taking processes and political interference and patronage network reduces its efficiency by political influence of Matras

**1) Role of Civil Service Reforms**

## A) Culture Shift: Bureaucracy to Civil Servant

Civil service reforms change the mindset of government officers to provide facilitation to public. Employees are encouraged to move from authoritarian mindset to serving the public.

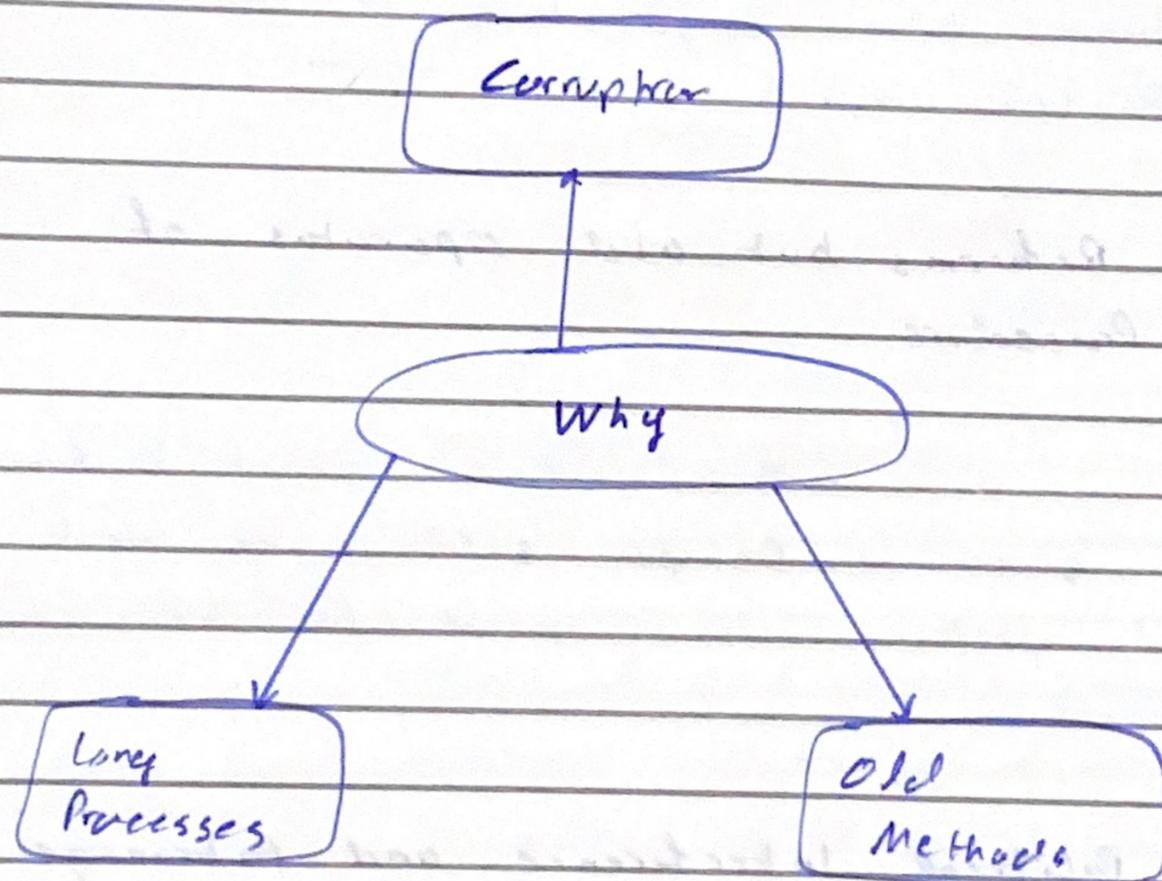

## B) Strengthening Merit Based Recruitment

Strong reforms in merit based recruitment enhances the governance. For example; FPSC 2019 reform changed the criteria to achieve at least 600 marks despite passing all subjects. This increase created healthy competition and meritocracy.

## C) Training of Civil Servant from Abroad

Civil servants are giving the opportunity to engage in international conferences. This conferences results in general benefits for governance by increasing the governance policy framework according to region.

## 2) Why Reforms Yield Limited Success

### A) Corruption from Up to Down

In institutions of governments when high grade officers do corruption lower ranks get justification to take bribe and become a part of corruption. This all mindset and system make returns struggles to implement good governance in institutions. Corruption should be discouraged and accountability must be heightened.

### B) Time Taking Process

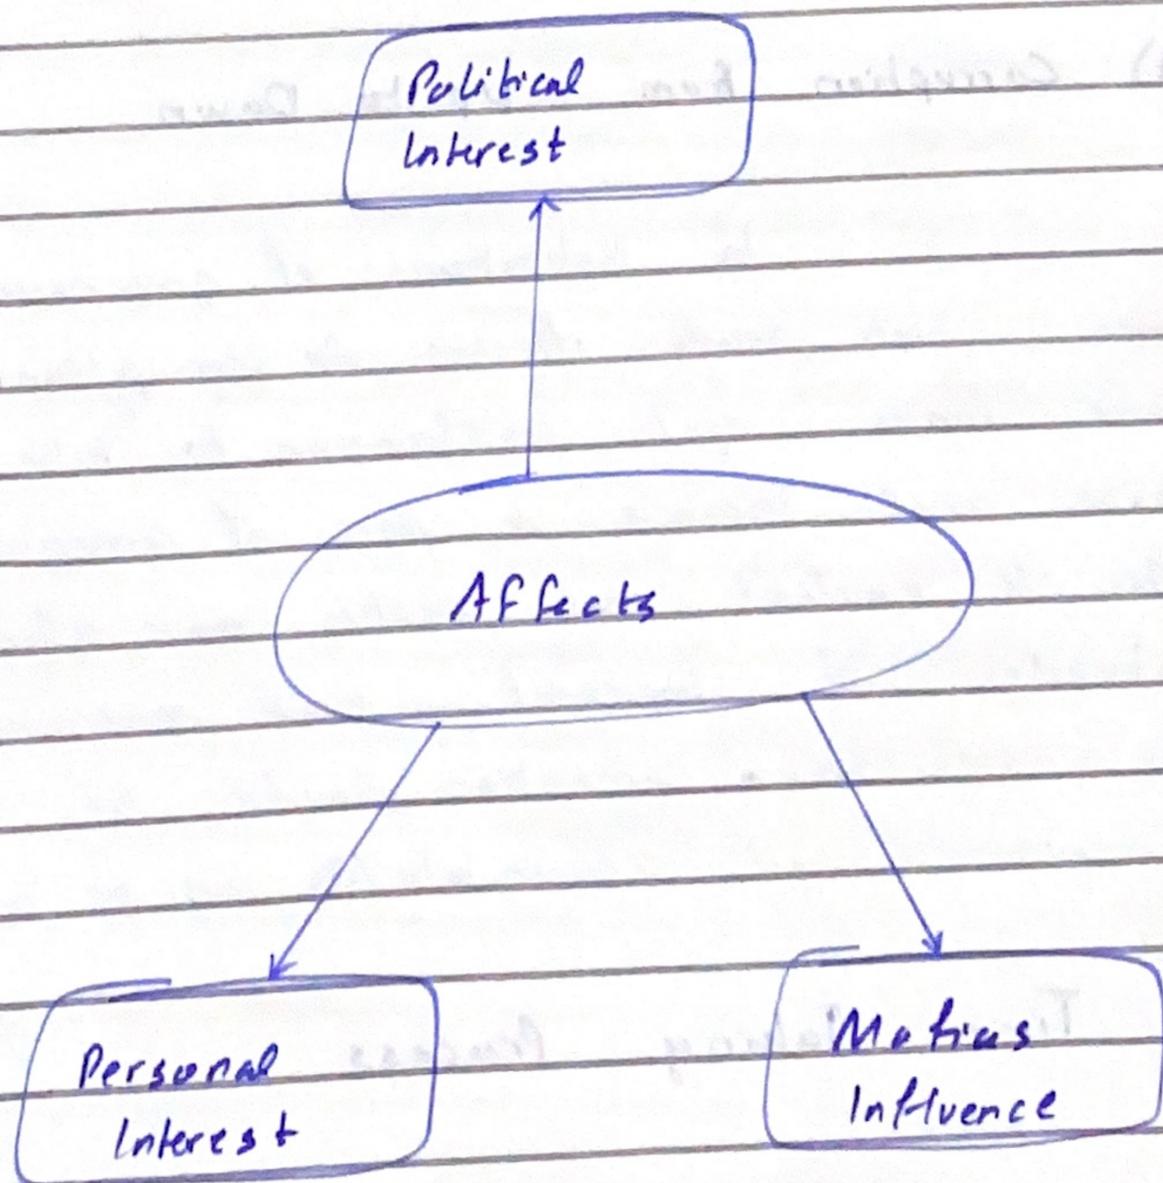

Returns are reported more often to check their feasibility. Some

Returns take longer time to produce effective results

c) Returns but old apparatus of Procedure

Returns alone cannot transform the governance. Perhaps a old system which has impulses also need to be improved

3) Political Interference and Patronage Network Affects

(2)

### A) Utilizing Civil Servant for ~~Personal~~ Political Interest

Politicians interfere in civil servants jobs and utilize them for political interests. In Pakistan, government use state assets and manpower to damage other political parties. This waste resources and serve nothing to public.

### B) Policies to serve Personal Interest Rather than Public Sector

Politicians make policies that serve their businesses and industries. Some instant also highlights making developmental projects like construction of Metro Bus service to benefit feudals which at the end gives no benefit to common people.

### C) Political Influence of Matras

Matras like drug traffickers in Baluchistan and real state Matras in Punjab use their money and influence on politicians to bypass governance regulations.

Conclusion:-

Despite problems in reforms  
Pakistan civil bureaucracy  
can achieve its target goals if it  
eliminates corruption long paperwork and  
political interference.

Q

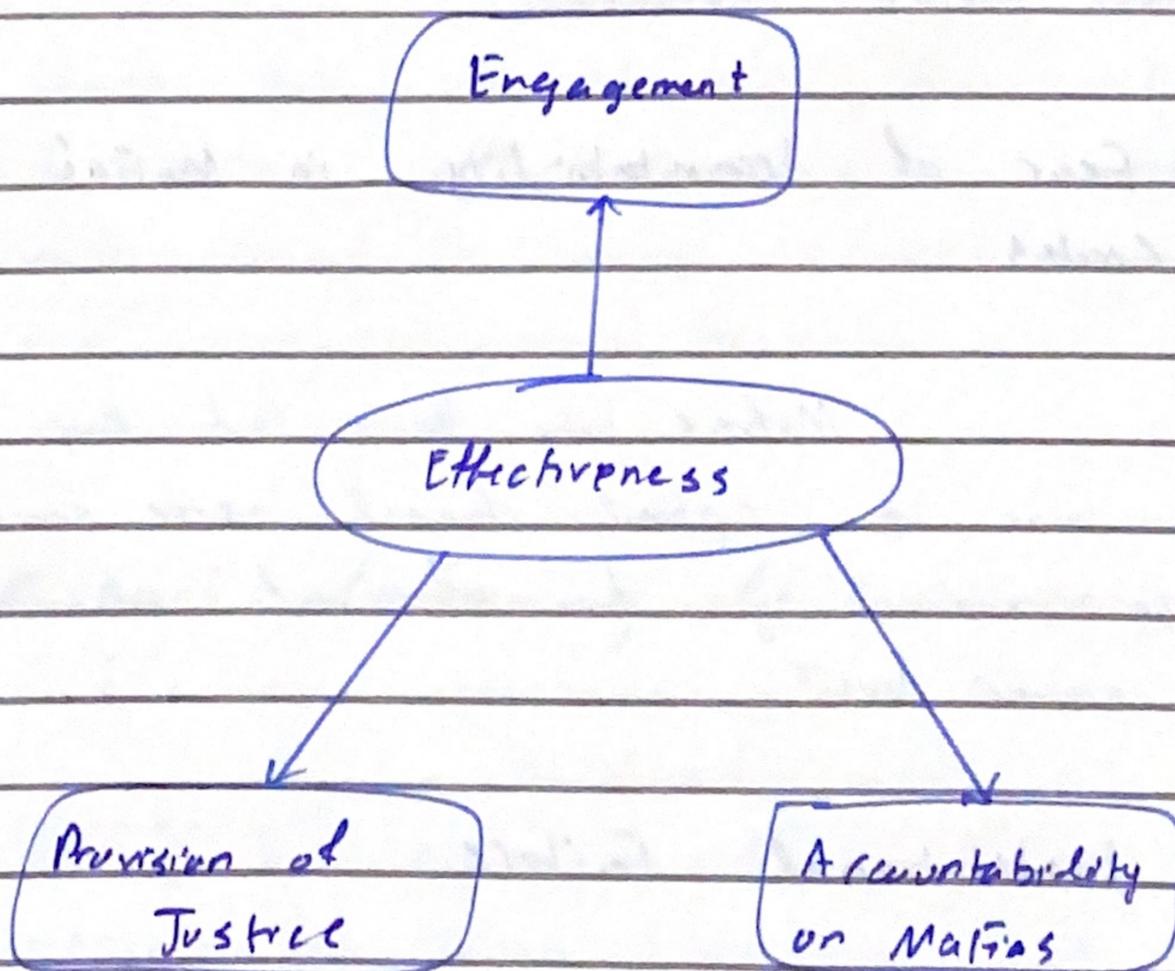

## Question No 6

Effectiveness of Citizen led  
Accountability Mechanism in  
Pakistan. Governance Failures  
Responsible for this Outcome

### Introduction:-

Citizen led accountability mechanism help in serving ground level justice and induced fear of justice and accountability in Mafia's. Governance failures like corruption, lack of engagement with public, lack of training and efficiency resulted in weak indicators

### 1) Effectiveness of Citizen led Accountability

## A) Engagement with Public

Public sense inclusiveness in policy making. This solves the grievances or anger in public. This allows people to democratically provide policies that can be proved effective in justice and reduces crime in society. This help to governance to perform better.

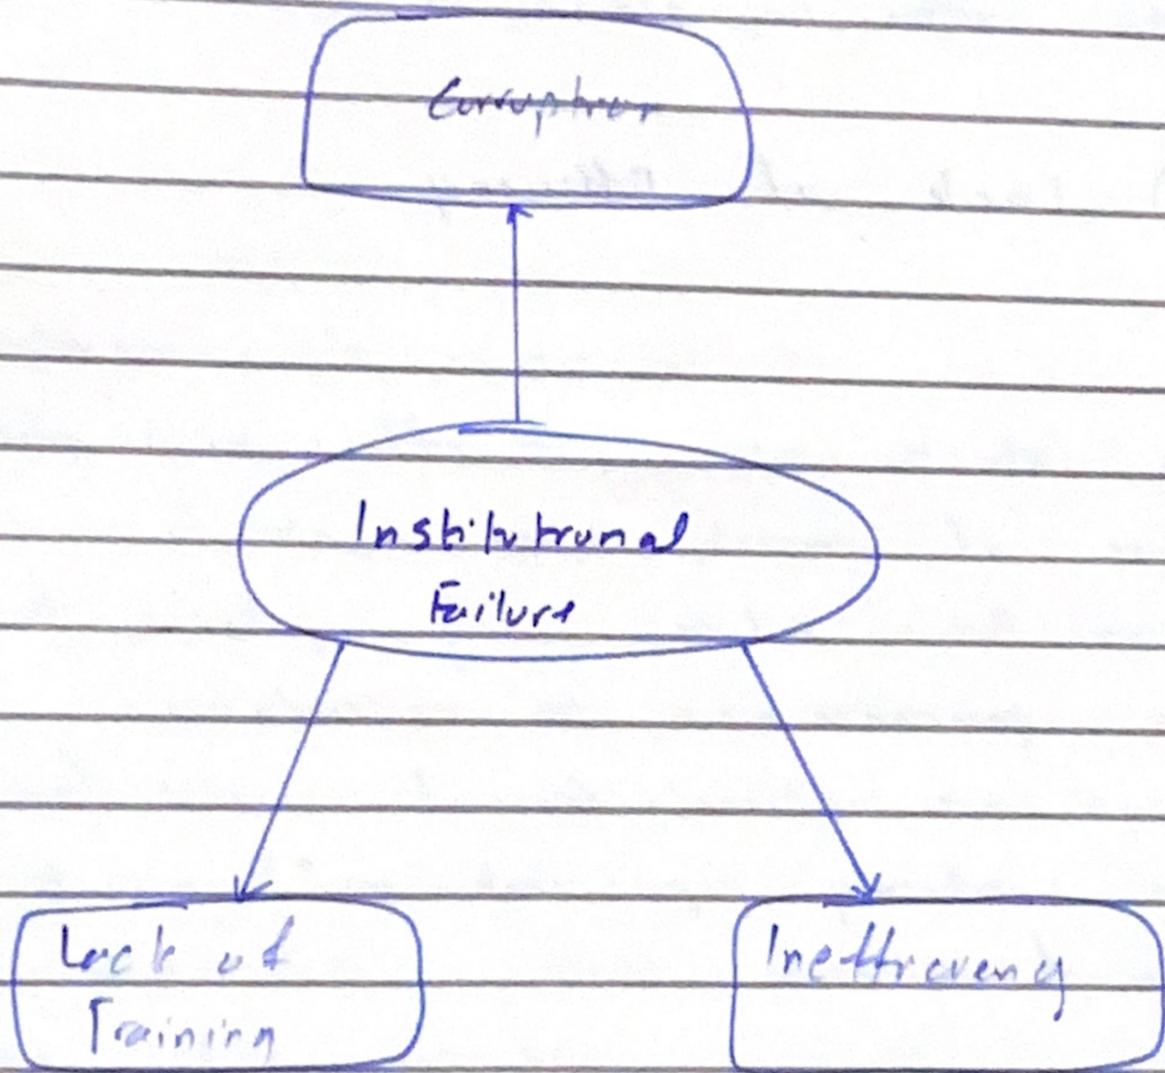

## B) Grass Root Provision of Justice

People get justice by higher officers in open courts. This solves matter of long injustices in few hours. Similarly, it reduces the burden from Pakistan justice system and provide justice instantly.

## C) Fear of Accountability in Mafia's Circles

Mafias who think that they will never be captured faced severe repercussions by law enforcement authorities at ground level.

## 2) Institutional Failure

### A) Corruption with Civil Institutions

Corruption is the root cause that is stopping ~~from~~ <sup>from</sup> policies to perform efficiently, such as bribes, embezzlement. It waste public money and increases more frustration is so early.

### B) Lack of Training of Employees

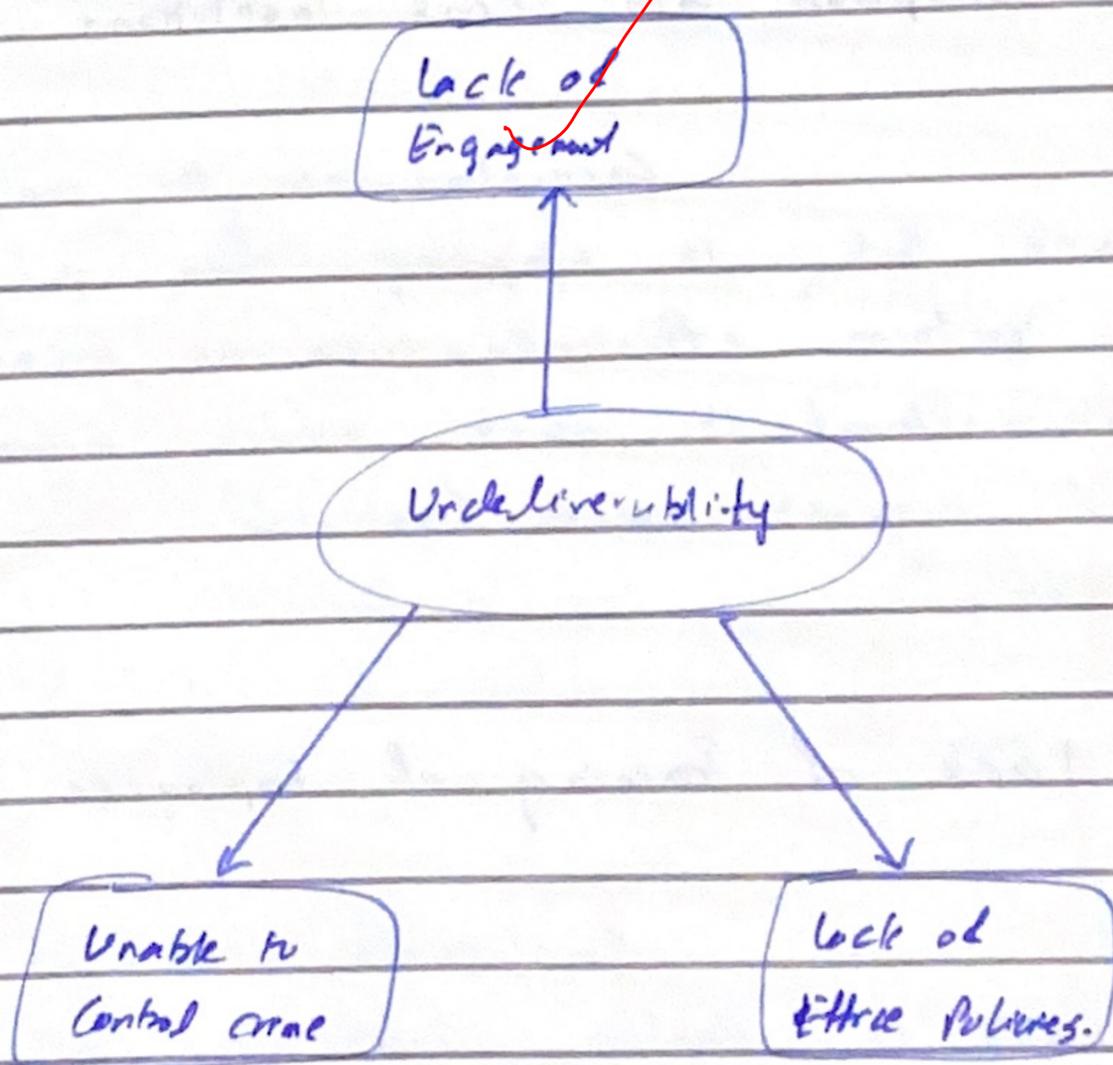

Employees are not trained to develop understanding with citizens. This reduces engagement with

Public-Private, they should be ~~trans~~

### c) Lack of Efficiency

Institutions of government in Pakistan are not efficient. A small case of property takes months to move to trial. This reduces any policies effect on governance as the implementation ways are closed. Government should focus on reducing paper work and increase flow of work.

### 3) Undeliverability to Public

(5)

### A) Lack of Engagement with Public

Government, despite lack of collaboration with Public, failed to achieve their goals because of unsuccess in public. People feel left out even if government wants to engage. Due to big population, use of social media is effective for engagement.

### B) Inefficiency to Control Crime

High crime rates in main cities resulted in unrest in public. Also cases of children and citizens killed by dumpers and open man holes results in tense confrontation between public and government. Controlling crime is necessary for strong results.

### C) Lack of Evidence Based Policing.

Policy are made by individuals which are theoretical based. Real life evidence based policies should be adopted for its effective results.

### Conclusion:-

Despite weak social indicators, Pakistan can achieve harmony by curbing corruption, inefficiency and lack of training. By ~~an~~ engagement with public problems can be solved at grass root level.

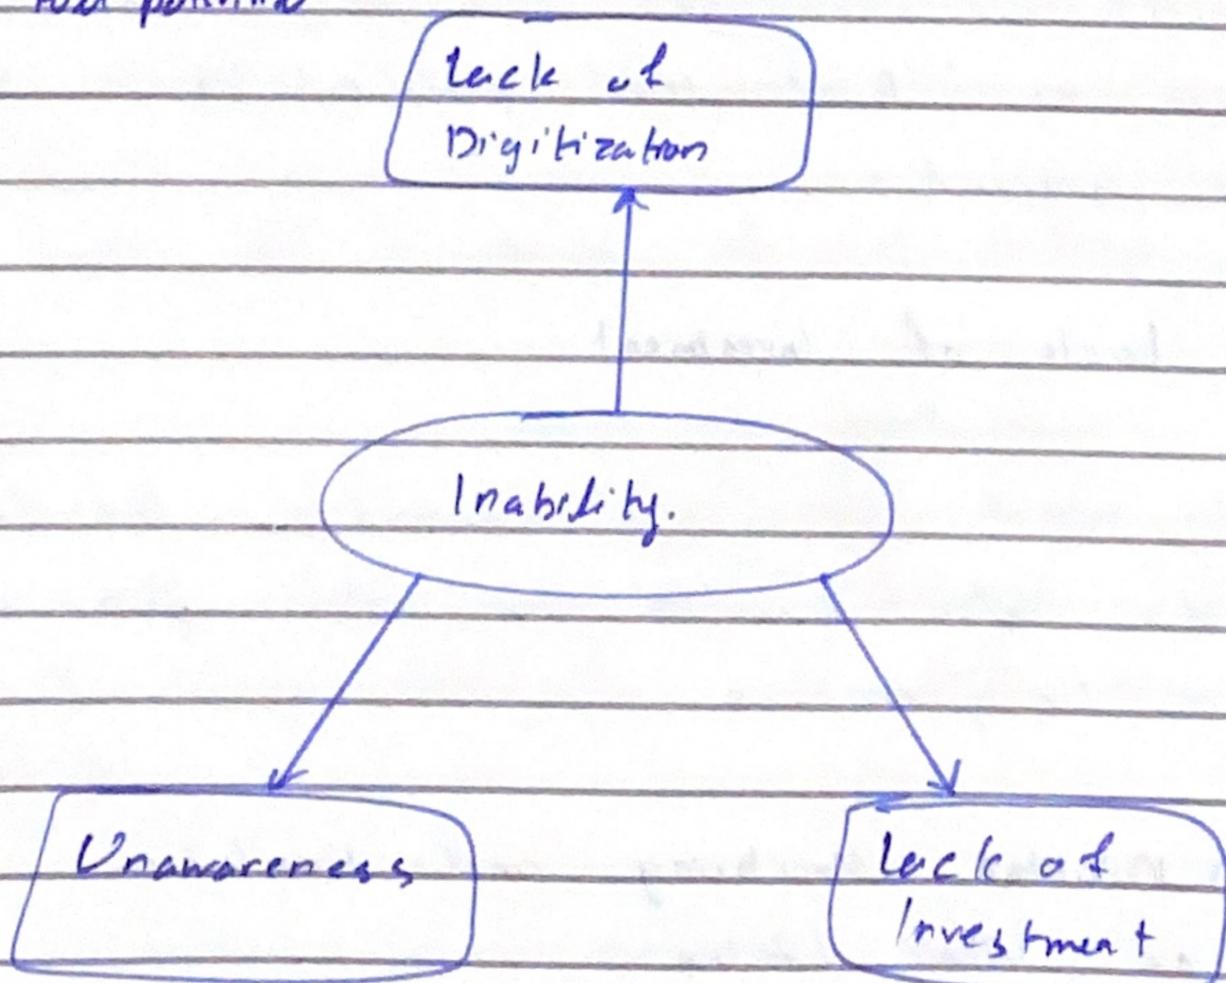

## Question No 7

Inability of E-Governance Initiatives in Pakistan to Achieve Full Potential. Weak Links and Reforms

### Introduction:-

Inability to achieve to full potential by e-governance in Pakistan is caused by lack of digital transformation and awareness in public. Digital monitoring and evaluation are weak links because of lack of citizen registration in digital monitoring.

1) E-governance Initiatives Inability to Achieve Full potential

## A) Lack of Digital Transformation in Pakistan

People in Pakistan that own a smart phone are very less. Majority population resides in villages and they don't understand technology. This results in inefficiency of e-governance despite advanced technology innovation in governance of Pakistan system.

## B) Unawareness in People

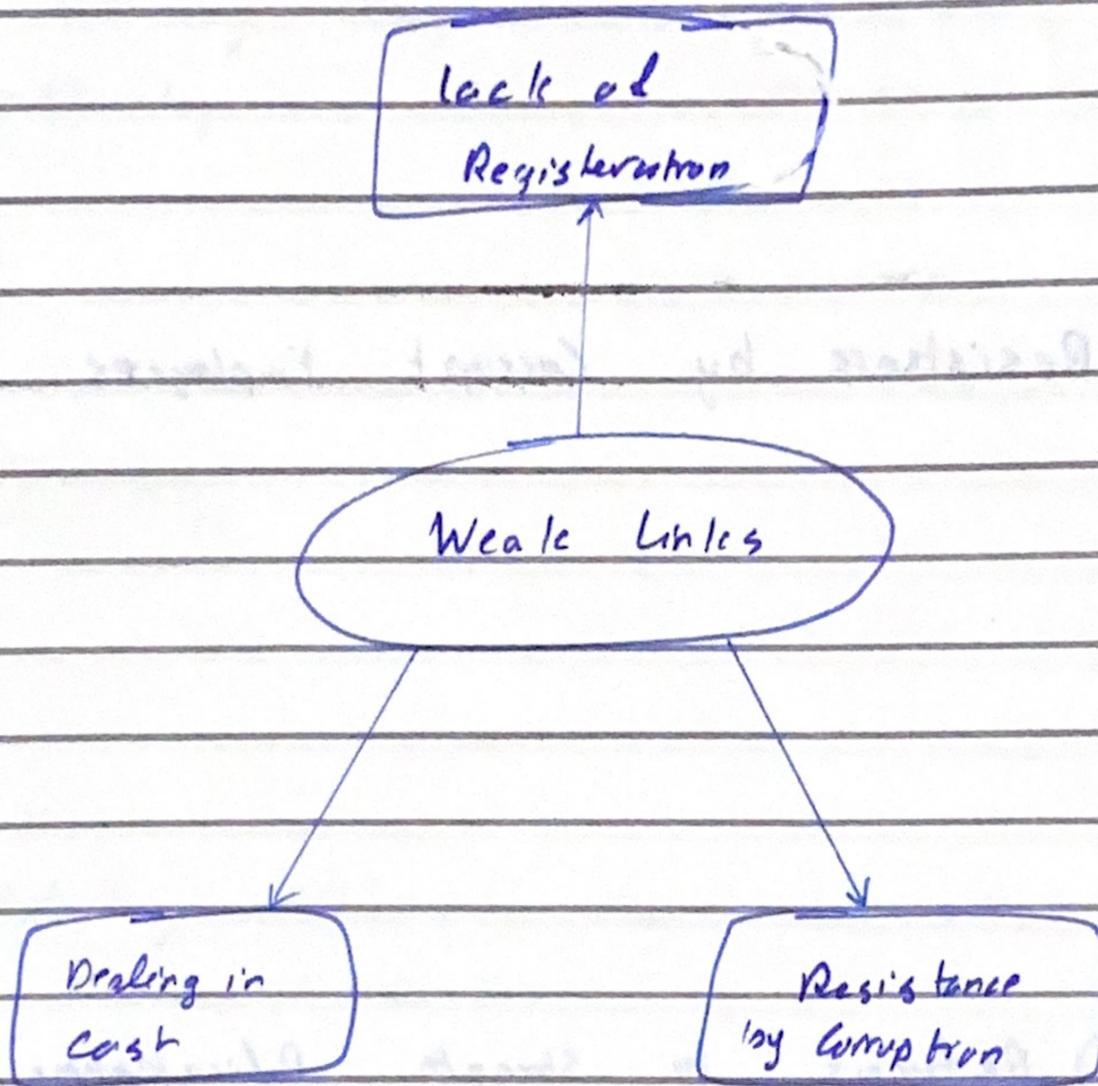

People got unaware about latest e-governance facilities like e-license and e-passport. People should be engaged and helped to use the facilities provided by the government.

## C) Lack of Investment

Lack of investment in technology sector also results in slow progress in e-governance.

## 2) Digital Monitoring and Literacy as Weak Links

(6)

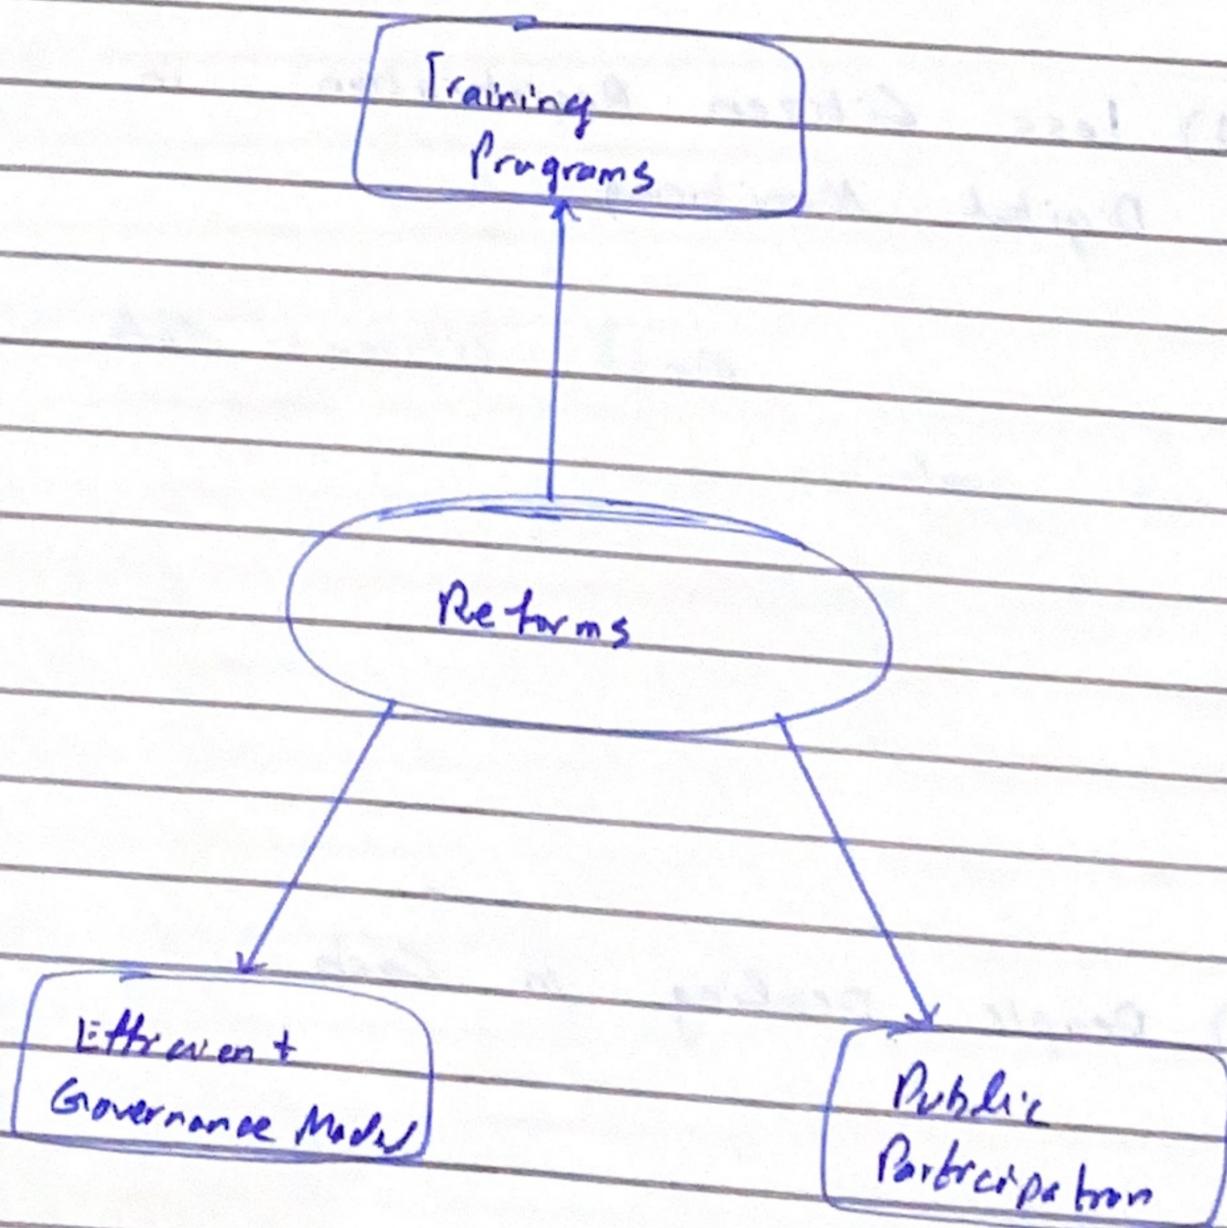

A) Less Citizen Registration in Digital Monitoring

most citizens data is not available

B) People Dealing in Cash

2) Resistance by Corrupt Employees

3) Returns to Strength Policy Making and Performance

A) Training Program for Government Employees

B) Adopting Efficient Governance Model of Developed Countries

C) Public Participation in Policy Making

## Conclusion:-

Despite hurdles in way of e-governance, governance can achieve full potential by continuous hard work and strengthening public engagement in policy making.
