History is full of such people, who started their life/career from the very beginning, but now they are among the successful and famous people of the world. Success, honor and ^{being} famous are not very easy to achieved it, but wealth is very easily achievable; there is one condition for it that your forefathers must be wealthy in this way you get the wealth. You can buy whatever you want from wealth but unable to buy happiness. It takes a decades to build a reputation, but only a moment to destroy it.
