Translation:

The world is full of successful people who faced difficult time in their life but they **moved** forward and later **became** successful and popular personalities. Success, respect and popularity **are** never served **on** silver platter, only wealth can be **gained** in this way but condition is that their forefather should have property which they can inherit. Person can ~~buy~~ only buy materialistic goods with wealth but ~~they~~ cannot buy happiness. It takes decades to earn respect but it only **takes** single moment to lose in fighting disputes
