Translation

History is filled with successful individuals who ^{began} their lives in extremely difficult circumstances, yet in the course of time they became some of the world's successful and famous people. Success, respect and reputation can not be handed to you on a plate, only wealth can be served that way. But even for wealth, there is an essential condition that it will only come to you if your forefathers owned an estate. ^{With} Wealth you can buy worldly possessions but can not buy happiness. Sometimes it takes decades for an individual to earn respect and only a moment to earn disgrace or controversy.
