

1). Which of the following is the main function of the Central Processing Unit (CPU) in a computer?

- A). A) To store data and instructions
- B). B) To perform calculations and execute instructions
- C). C) To manage input and output devices
- D). D) To control the flow of electricity in the computer

2). Which programming language is primarily used for developing Android applications?

- A). A) Python
- B). B) Java
- C). C) C++
- D). D) Swift

3). What is the main use of ROM in a computer system?

- A). A) To store the operating system during runtime
- B). B) To store firmware and boot-up instructions
- C). C) To store temporary data
- D). D) To store user data like files and documents

4). Which of the following types of RAM is most commonly used in modern computers for main memory?

- A). A) DRAM
- B). B) SRAM
- C). C) Flash RAM
- D). D) EEPROM

5). What is the primary purpose of RAM in a computer?

- A). A) To store data permanently
- B). B) To execute programs and store data temporarily
- C). C) To process instructions from the CPU
- D). D) To control the computer's power supply

6). What does RAM stand for in computer science?

- A). A) Read Access Memory
- B). B) Random Access Memory
- C). C) Real-time Access Memory

D). D) Reliable Access Memory

7). What does CRM stand for?

- A). A. Customer Relationship Management
- B). B. Costumer Relation Management
- C). C. Customerization of Relationship Management
- D). D. Customerization of Relation Management

8). MS Word is used for:

- A). Spreadsheet
- B). Word processing
- C). Presentation
- D). Database

9). Which Microsoft operating system was first introduced with the Start menu?

- A). a) Windows 95
- B). b) Windows 98
- C). c) Windows XP
- D). d) Windows 7

10). What does WWW stand for?

- A). A) World Web Wonder
- B). B) World Wide Web
- C). C) World Web World
- D). D) Web World Web

11). Excel is mainly used for:

- A). Typing
- B). Calculations
- C). Drawing
- D). Browsing

12). Which of the following storage devices is considered the fastest?

- A). a) Hard Disk Drive (HDD)
- B). b) Solid State Drive (SSD)
- C). c) Optical Disk
- D). d) USB Flash Drive

13). Which of the following is a type of software attack?

- A). a) Firewall
- B). b) Phishing
- C). c) Antivirus

D). d) Disk cleanup

14). In which year was the first computer virus created?

- A). a) 1971
- B). b) 1985
- C). c) 1992
- D). d) 2000

15). Which software is used for word processing?

- A). a) Adobe Photoshop
- B). b) Microsoft Excel
- C). c) Microsoft Word
- D). d) VLC Media Player

16). What is the primary function of an algorithm?

- A). a) To display results
- B). b) To store data
- C). c) To solve problems step by step
- D). d) To manage system resources

17). Which of the following is used to connect a computer to the internet?

- A). a) USB
- B). b) Bluetooth
- C). c) Modem
- D). d) Microphone

18). What is the full form of 'HTTP'?

- A). a) Hyper Transfer Text Protocol
- B). b) Hyper Text Transfer Protocol
- C). c) High Text Transfer Protocol
- D). d) Hyper Thread Text Protocol

19). Which of the following is an example of a hardware device?

- A). a) Windows
- B). b) Microsoft Word
- C). c) Keyboard
- D). d) Google Chrome

20). What is the main purpose of an operating system?

- A). a) To process data
- B). b) To manage hardware resources and provide services for software applications
- C). c) To store files
- D). d) To perform calculations

21). Which of the following is a programming language used for web development?

- A). a) Java
- B). b) Python
- C). c) HTML
- D). d) C++

22). What does the acronym 'URL' stand for?

- A). a) Uniform Resource Locator
- B). b) Universal Resource Link
- C). c) Universal Reference Locator
- D). d) Uniform Range Locator

23). Which of these is a type of non-volatile memory?

- A). a) RAM
- B). b) Cache memory
- C). c) Hard disk
- D). d) Register

24). Which of the following is the main function of the CPU?

- A). a) Store data
- B). b) Perform calculations and execute instructions
- C). c) Manage peripheral devices
- D). d) Provide network connectivity

25). Malware means:

- A). Useful software
- B). Hardware failure
- C). Malicious software
- D). Licensed software

26). Hard disk is used for:

- A). Processing
- B). Temporary storage
- C). Permanent storage
- D). Input

27). Which is NOT an operating system?

- A). Windows
- B). Linux
- C). Android
- D). MS Excel

28). Which of the following is NOT a service provided by an ATM?

- A). a) Cash withdrawal
- B). b) Fund transfer
- C). c) Loan approval
- D). d) Balance inquiry

29). What does the acronym "BCC" stand for in email?

- A). A) Basic Communication Copy
- B). B) Blind Carbon Copy
- C). C) Base Contact Channel
- D). D) Broadcast Contact Copy

30). What does "PC" stand for in computing?

- A). A) Personal Computer
- B). B) Program Controller
- C). C) Private Computer
- D). D) Professional Computer

31). What does "IP" stand for?

- A). A) Internet Protocol
- B). B) Internet Page
- C). C) Internal Program
- D). D) Integrated Processor

32). What does "Wi-Fi" stand for?

- A). A) Wireless Fidelity
- B). B) Wireless Frequency
- C). C) Wide Fidelity
- D). D) Wired Fidelity

33). What does "USB" stand for?

- A). A) Universal Serial Bus
- B). B) Uniform Serial Bus
- C). C) Unified Service Bus
- D). D) Unique Serial Bus

34). CEO of Tesla is:

- A). Jeff Bezos
- B). Elon Musk
- C). Jack Dorsey
- D). Larry Page

35). Who owns Apple Inc.?

- A). A) Tim Cook
- B). B) Steve Jobs

- C). C) The shareholders of Apple Inc.
- D). D) Bill Gates

36). What does "FAQ" stand for?

- A). A) Frequently Asked Questions
- B). B) Fast Answers Questions
- C). C) Frequently Answered Questions
- D). D) Fast Answer Queries

37). Who is the owner of Microsoft?

- A). A) Steve Jobs
- B). B) Bill Gates
- C). C) Mark Zuckerberg
- D). D) Jeff Bezos

38). What does "URL" stand for?

- A). A) Uniform Resource Locator
- B). B) Universal Resource Locator
- C). C) Uniform Retrieval Link
- D). D) Universal Retrieval Locator

39). Who is the owner of YouTube?

- A). A) Facebook
- B). B) Microsoft
- C). C) Google
- D). D) Amazon

40). Who is the owner of TikTok?

- A). A) Mark Zuckerberg
- B). B) Evan Spiegel
- C). C) ByteDance
- D). D) Jack Dorsey

41). What does "GPS" stand for?

- A). A) Global Positioning System
- B). B) General Positioning System
- C). C) Ground Positioning System
- D). D) Global Personal System

42). Who is the CEO of X (formerly known as Twitter)?

- A). A) Jack Dorsey
- B). B) Elon Musk
- C). C) Sundar Pichai
- D). D) Linda Yaccarino

43). What does "ATM" stand for?

- A). A) Automatic Teller Machine
- B). B) Automated Ticketing Machine
- C). C) All Terrain Machine
- D). D) Average Time Machine

44). Who is considered the "Father of Artificial Intelligence"?

- A). a) Alan Turing
- B). b) John McCarthy
- C). c) Marvin Minsky
- D). d) Geoffrey Hinton

45). What does "CEO" stand for?

- A). A) Chief Executive Officer
- B). B) Chief Environmental Officer
- C). C) Central Executive Officer
- D). D) Certified Environmental Officer
